Why study in León?

Because it means choosing well.

The guarantee of attending a university institution which has been offering Spanish courses since 1956. Our guarantee? The experience of more than 50 years teaching Spanish and our students' satisfaction.

Because here you learn the best Spanish.

Because of its geographical location, León lies in a part of Spain where the purest Spanish is spoken, without interference from other languages.

Because our teaching is personal.

It's not a cliché. We do our best to get to know each and every one of our students; our teachers are not only our students' tutors, but also their friends, who care about them outside the classroom. All this is possible thanks to the close family environment of the Centre and our aim to avoid the overcrowding typical of other teaching centres.

Because of our excellent standard of teaching.

Our teaching staff is composed of graduate and doctoral teachers in Spanish philology, history and art, with proven experience in the teaching of Spanish, who habitually participate in courses and conferences of Spanish as a foreign language.

Because our complementary activities are comprehensive.

The wide programme of weekend and public-holiday extracurricular activities that the Centre organises form the ideal complement to our classes. They help students acquire an in situ knowledge of history, art and panorama, which, in turn, widen enormously their understanding of our rich cultural heritage.

Because our range of courses is extensive and flexible.

The Centre offers a range of courses which is varied and adaptable to the needs and requirements of all groups of students. In addition, our flexibility with regard to timing and the kind of study students require is complete, guaranteeing the best conditions for learning for every level.
